SUMMARY

A results driven React Developer with “Create and Learn” mindset, having hands-on experience in developing responsive, engaging, production ready, and performance-optimized web applications such as e-commerce platforms, B2B web apps and internal tools with modern web framework such as React.js.

TECHNICAL SKILLS

- **Language** : JavaScript
- **Web Development** : TypeScript, CSS, SASS, DOM Manipulation, Async JS, REST API's, CRUD Operations, Git & Version Control, User Authentication & Authorisation, Redux, CI/CD, React Testing Library.
- **Frameworks** : Bootstrap, Tailwind CSS, React.js Next.js
- **WevDev Tools** : VSCode, WebStorm, DataGrip, Thunder Client, Chrome DevTools, Github, Figma, AdobeXD
- **Deployment Platforms** : Vercel, Netlify.

PROFESSIONAL EXPERIENCE

iGauri Solutions Pvt Ltd

August 2023 - Present

- Developed responsive, cross-device user interfaces (UIs) for multiple production projects using React.js and Tailwind CSS, ensuring consistent performance across all devices.
- Implemented frontend best practices, leveraging semantic HTML, modular CSS and reusable React components to ensure maintainable and scalable code.
- Optimized Core Web Vitals (Largest Contentful Paint, Cumulative Layout Shift, First Input Delay), achieving under 2.5s load times and 90+ Lighthouse scores.
- Performed SEO optimization by improving meta tags, heading structure, image alt attributes, and site architecture for better crawlability and ranking.

PERSONAL PROJECTS

- [Woodland Interiors](#) 🔗 : Developed an e-commerce web application using **React.js** and **Tailwind CSS** for a responsive UI. Implemented **authentication** and **session management** with **Iron Session**, and used **Axios** for data fetching from **REST APIs**. Integrated **Prisma ORM** for database modeling and querying with **MySQL**. Utilized **Next.js** for API routes, server-side logic, and SEO optimization. Employed **TanStack Query** for efficient data caching and mutations, and deployed the project on **Vercel**.
